

Jonno New Release Spring 2021

Landscape, Courtyard Pots and Baskets

Height in garden when trimmed, 75cm

JONNO is the newest introduction for 2021, late in Spring. It is easy to grow and has green leaves with large vivid pink flower bracts.

USES:

Jonno makes an excellent container plant for large Courtyard Pots where with little training, except for tip pruning, it can be grown to the size and shape desired. **Jonno** is fast growing and makes an excellent selection for large hanging baskets for semi shaded to full sun positions. In all cases whether in baskets or pots watering is critical.

ZONES:-

In Gardens

In sheltered positions

For the Homeowner

- Extremely free flowering
- Blooms right through until cooler months
- Versatile

Planting

Plant in courtyards, patio pots, baskets, garden beds or window boxes.

Placement

Place in bright, full-sun areas.

Temperature

Grows well in cool areas

Heat tolerant to 90-95°C

Frost tolerant to 15°C

Watering

Keep Keep moist to avoid wilting.

Fertiliser

Use slow release fertilisers with an even balance of NPK, they are heavy feeders.

Pruning

Trim as desired, but it is not necessary to maintain flowering.

For the Grower

Planting

Timing : Spring - Summer - Autumn.

Plants per pot: One only

Finish time: 10-12 weeks from potting

Soil: A general shrub mix

pH: Neutral to slightly acid

Light Levels: High, even full sun.

Temperature A growing house with good ventilation and held above 10°C.

Water Requirements Keep plant well watered at all times to encourage shoots and heavy flowering

Fertiliser - either 1 or 2

1. Constant feed: Every two weeks with a general liquid fertiliser.

2. Slow Release: Slow release fertiliser with an NPK ratio in even balance and with trace elements added.

Pinching: Pinch tubes prior to potting. Tip prune to shape the plant as needed.

Growth Regulators: Not needed.

Pest Control: Control aphids. In cool weather if the leaves are wet leaf spot can develop.
